

STRIKE CRISIS  
AT LIVERPOOLShip Owners Say They Will  
Force General Lockout.

COAL RAPIDLY RUNNING OUT

Vessel Men Claim Employees Have  
Broken Faith and That Sectional  
Strikes Are Occurring—Strikers Give  
Until Monday Noon to Resume  
Work—Huge Quantities of Meat  
Tied Up in Refrigerators.Liverpool, Aug. 12.—The crisis in  
the dockers' strike was reached when  
the leading ship owners gave notice  
that, unless a settlement is reached  
by Monday, they will attempt to ef-  
fect a lockout in all the industries of  
Liverpool.The ship owners complain that, in  
spite of their recent agreement with  
the dockers, sectional strikes have  
taken place, hampering trade. They  
warned the union leaders that, unless  
they could hold their men to the  
terms of the agreement, a serious sit-  
uation would arise. Therefore fifty of  
the leading ship owners formally not-  
ified the dockers' union that, unless all  
sections of the strikers resume work  
by Monday noon, steps will be taken  
to close down all the work throughout  
the port.In a letter to the lord mayor the  
ship owners explain affairs have  
reached a stage where trade is impos-  
sible, as the men have refused to ac-  
cept their friendly overtures and re-  
turn to work. The lord mayor has of-  
fered his services as a mediator.Huge quantities of meat are tied up  
in refrigerators and the stock of coal  
is rapidly running out.The shortage of coal necessitated  
the closing down of a number of fac-  
tories and added greatly to the num-  
bers of idle men.Additional cavalry and infantry  
were brought into the city, but there  
was less disturbance than on previous  
days. This was due to the strike com-  
mittee having issued a manifesto  
earnestly appealing to the men to re-  
frain from acts of violence.Thirty-three wagon loads of pro-  
visions were successfully moved from  
the docks under strong military and  
police guard, with a magistrate at the  
front and rear of the procession pre-  
pared to read the riot act in case of  
interference. The procession was  
jeered by thousands of strikers, but it  
was not disturbed.

## WINNIPEG CLASH IS OVER

Manitoba Allows Dominion to Prepare  
Polling Lists.Winnipeg, Aug. 12.—Attorney Gen-  
eral Campbell, after placing two regis-  
tration clerks under arrest for refus-  
ing to account long lists of absentees  
handed in by hotel men, withdrew the  
case and admitted before the judge  
the right of the Dominion government  
to go ahead and make the lists. Fol-  
lowing this Dominion officials threw  
out of the registration booths all pro-  
vincial police who had been sent there  
by order of the attorney general and  
federal authorities now resign un-  
questioned.Reciprocity clubs are being organ-  
ized in many centers of Southern Al-  
berta, where government forces have  
strong hopes of defeating the former  
members, McGrath and Herron.

## CANADA HAS LARGE CROPS

Dominion Census Statistic Bureau Is-  
sues Report.Ottawa, Ont., Aug. 12.—"The area  
of spring wheat in the Northwest  
provinces this year is 1,500,000 acres  
more than last year and of oats 341,  
000 acres, but no increase is shown  
for barley. Hay and clover is esti-  
mated at 12,189,000 tons for Canada,  
being 143 tons per acre."This is a report issued by the Do-  
minion census statistic bureau. "The  
condition of spring wheat at the end  
of July," the report adds, "was 90 for  
the whole of Canada, being 85 to 95  
in the maritime provinces, 80 to 89  
in Ontario and Quebec, 90 to 96 in the  
Northwest provinces and 87 in British  
Columbia."

International Waterways Officials Ap-  
pointed by Dominion.Ottawa, Ont., Aug. 12.—The Cana-  
dian section of the international wa-  
terways commission, under the new  
treaty with the United States, was  
appointed. The members are Sir  
George Gibbons of London, Aime  
Geoffroy of Montreal and A. P. Barn-  
hill of St. John, N. B. The United  
States has appointed three members,  
including former Congressman Tay-  
ney of Minnesota. The jurisdiction of  
the commission extends over all mat-  
ters relating to international water-  
ways between the countries.

Governor May Have Senatorship if  
He Wants It.Portland, Me., Aug. 12.—While the  
death of United States Senator Frye  
has cast a gloom over the entire state  
there is much speculation as to his  
successor, who will be a Democrat.Governor Plaisted could have the  
senatorship if he would take it, which  
is doubtful. Others mentioned are  
Congressman Daniel J. McGillicuddy,  
Judge George M. Hanson, former  
Sheriff W. M. Pennell of Portland and  
Obadiah Gardner of Rockland.CONFEREES AGREE  
ON PUBLICITY BILLSenate Practically Gains All  
Points in Dispute.Washington, Aug. 12.—The cam-  
paign publicity bill will be reported to  
both houses with the conference com-  
mittee's recommendation that it pass  
practically as amended by the senate.  
The conferees reached an agreement,  
the house members offering no objec-  
tion to the principal features of the  
final amendments. Chairman Rucker  
of the committee believes that the bill  
will go to the president immediately.The measure, as amended, provides  
that the treasurer of every political  
committee acting for a party candi-  
date in a general election or every  
person who is a candidate for a nomi-  
nation or election to the house or sen-  
ate shall file with the clerk of the  
house of representatives or secretary  
of the senate within a stipulated time  
before such election an itemized state-  
ment of campaign expenses. It fur-  
ther requires that candidates shall  
not spend more than 10 cents for each  
vote in their state or district, the  
sum expended by a candidate for the  
senate not to exceed \$10,000, or \$5,000  
by a candidate for the house.Candidates are required to state  
what positions or profit, if any, they  
have promised in an effort to obtain  
votes.As originally passed by the house  
the bill did not apply to primary elec-  
tions.

## HEAT WAVE GRIPS GERMANY

High Temperatures Causing Deaths,  
Insanity and Water Famine.Berlin, Aug. 12.—The heated term  
continues unabated throughout Ger-  
many and during the past few days  
the temperature has been higher than  
before. Deaths from sunstroke are  
reported from all sections.A water famine threatens some dis-  
tricts, where the brooks are drying up.  
In the Elbe region the farmers have  
been forced to haul the water to their  
fields. Fish are dying on the river  
beds there and in Westphalia.Navigation on all the chief streams  
has been almost suspended owing to  
low water. The Rhine at Rudesheim  
is lower than it has been before since  
1811.A number of cases of persons be-  
coming insane because of the heat are  
reported.

## SHIPS STEWARDS IN MUTINY

Employees on Victorian Arrested for  
Failing to Serve Meals.Montreal, Aug. 12.—With the arrival  
of the Allan line steamer Victorian  
here from Liverpool constables ar-  
rested fifty-seven first and second  
class stewards. They are charged  
with mutiny in having failed to serve  
breakfast and lunch to the vessel's  
passengers.The trouble started, it is charged,  
when the stewards balked at helping  
put ashore the mail at Rimouski.  
They retreated from this stand, how-  
ever, and helped hustle the mail  
ashore, but declined to assist in serv-  
ing the meals, it is said. Officers of  
the ship sent word of the trouble  
ahead and the constables were sent to  
seize them.Trial by jury began to supersede  
other modes of prosecution late in the  
fourteenth century.TARIFF REVISION  
BOUND TO COMECanadian Reciprocity Proves to  
Be Entering Wedge.

SENTIMENT GROWING DAILY.

Many Republicans Are Angry Over  
Canadian Bill, and They Will Vote  
For Lower Rates on All Manufactured  
Articles—Congressman Underwood's  
Stock Is Rising.

By ARTHUR W. DUNN.

Washington, Aug. 12.—[Special.]—  
That tariff revision must come in the  
near future has been apparent from  
votes taken in both houses on differ-  
ent schedules presented. It looks as  
if the tariff sentiment in the house  
was strong enough to pass the several  
bills over the president's veto, but  
there is more than one-third of the  
senate that still stands for protection  
and would not allow bills to become  
laws without the president's approval.In the last house the tariff revision  
sentiment was not very strong, the in-  
surgents not being very numerous. In  
the last senate the same was true.  
Save that the insurgents made them-  
selves more prominent. But they  
were not able to materially reduce the  
tariff. As a result of the election last  
fall the tariff revisionists largely in-  
creased their strength, and the belief  
prevails that until there is substantial  
reduction of duties the sentiment will  
continue.They Mean Business.  
Promise of tariff revision in the next  
session has already been made. It  
is doubtful, however, if the president  
and the present majority in both  
houses will find themselves in accord  
as to how far revision should go.The way certain Republicans of the  
senate have been voting on the differ-  
ent tariff bills shows that they mean  
business. Most of them are very an-  
gry over the enactment of the Cana-  
dian reciprocity bill, and they intend  
to get even with the men in the east  
who supported that measure by voting  
for lower rates on manufactured  
goods when opportunity presents it-  
self. It is proving that Canadian reci-  
procity was the entering wedge for  
tariff revision.

Alabama Stock Raises.

"How's your Alabama candidate?"  
Congressman Clayton was asked the  
day after Oscar Underwood paid his  
respects to Mr. Bryan."Looking up," replied Clayton. "Ala-  
bama stock has gone up materially.  
Bryan will make a real live candidate  
of him if he keeps this thing going  
much farther.""I'll be hanged if that isn't a fact,"  
remarked Congressman Garner of  
Texas. "As sure as you're a foot high,  
Underwood will be a mighty big fac-  
tor in the next convention. Even  
Bryan's best friends in the house are  
sustaining him in this situation."Stenographers Can't Keep Up.  
There are so many hearings in pro-  
gress and so much testimony being  
taken that the shorthand men cannot  
turn out the copy fast enough to have  
it printed day by day. Redoubled ac-  
tivity among the different investigat-  
ing committees has been a good thing  
for the stenographers who want the  
merry dance to continue.

Looks Like a Jail.

Such strong bars have been placed  
on the lower windows of the east  
front of the treasury building that the  
fine edifice has the appearance of a  
jail. Heretofore wire gratings cov-  
ered the windows, but in remodeling  
the building it was decided to make  
it impossible for burglars to break into  
Uncle Sam's strong box.

Working Lines.

Minority Leader Mann coined the  
phrase "working lines" to describe the  
alliance or whatever may be called  
the understanding between the Demo-  
crats of the senate and the insurgent  
Republicans who have been assisting  
in passing the tariff bills. He asked  
Leader Underwood about these "work-  
ing lines" and the Alabama member  
responded that at that time the "work-  
ing lines had not been perfected."

Meant Nice Discrimination.

It developed in the talk about the  
campaign publicity bill that if the sen-  
ate provision limiting expenditures to  
10 cents for each vote was retained  
it would take mighty fine discrimina-  
tion in several states to fix the  
amount. Congressman Olmsted point-  
ed out that in one district in Missis-  
sippi only 4,070 votes were cast at  
the congressional election, which would  
limit the expenditure to \$407. It  
would also be hard to decide whether  
men of voting age, including the ne-  
groes in the southern states, should  
be considered voters or only those who  
voted.

Hughes Advancing.

Friends of Billy Hughes, the New  
Jersey member of the ways and means  
committee, have been congratulating  
him upon the prospects he has for be-  
coming governor. It hangs upon such  
a contingency as to give the whole  
matter a speculative turn, but none the  
less it causes things to be said to  
Hughes which show appreciation.If Governor Wilson should be nomi-  
nated for president he would leave a  
vacancy in the New Jersey govern-  
ment, and Hughes' friends say he is the  
man for it. Hughes has served only  
three terms in congress, but he has  
made a place for himself in that time.

George H. Earle, Jr., Nearly Loses Life  
at Upper St. Regis Lake.Philadelphia, Aug. 12.—George H.  
Earle, Jr., president of the Real Es-  
tate Trust company and "prodger" of  
the sugar trust, nearly lost his life at  
Upper St. Regis lake, in the Adiron-  
dacks, while saving his two grandchil-  
dren and their companion, Miss Marie  
Kane, who had been riding in a mo-  
torboat.The tank blew up, setting the craft  
afire. Mr. Earle jumped into another  
motorboat and after tying it to the  
blazing craft managed to get the two  
children, daughters of Mrs. Victor  
Mather, to a place of safety. Miss  
Kane then attempted to jump into the  
lake. Mr. Earle jumped overboard  
and saved her from drowning.Mr. Earle was badly burned, while  
the children escaped unharmed.IOWA POSSE CHASES  
ESCAPED CONVICTBrother of Prisoner Probably Fat-  
ally Wounds Guard.Cedar Rapids, Ia., Aug. 12.—Two  
hundred penitentiary guards, peace  
officers and citizens are surrounding a  
deep woods near Viola, Ia., where they  
believe are hiding Charles Schmidt, a  
convict, and his brother, an ex-con-  
vict, who helped him to escape from  
the guards at the state penitentiary  
at Anamosa after fatally wounding  
William Humaker, a prison guard.By a carefully planned ruse the con-  
vict's brother was enabled to attack  
Humaker while he was more than a  
mile away from the prison, alone with  
Schmidt.While Schmidt was working in a  
stone quarry two miles away from the  
prison walls some one telephoned the  
warden's office and asked permission  
to see the convict. The request was  
granted and Humaker ordered to bring  
the prisoner to the warden's office.

Half way to the prison Humaker

was confronted by an armed man who

had driven out in a buggy to meet him

and Schmidt. The guard attempted to

draw a revolver, but he was shot

down. Schmidt and his brother then

tied the wounded man to a nearby

tree, leaped into the buggy and

whipped the horses into a gallop es-  
caped.

## STANDARD PAYS \$42,395.69

Trust Sends Check to Square Costs in  
Suit Ending Its Experience.Washington, Aug. 12.—It cost the  
Standard Oil company \$42,395.69 in  
court fees alone to resist the govern-  
ment's long fight to have it dissolved.  
A check for that sum, the amount  
awarded by the supreme court as  
costs in its decision, was received at  
the department of justice.That amount, of course, does not in-  
clude attorneys' fees or other expenses  
which the big corporation incurred in  
the long litigation. The court costs  
paid are probably the smallest item of  
a bill totaling into millions, the ex-  
act amount of which probably never  
will be known.

thieves they themselves were hunting  
Frank J. Cook and Dan Vreeland, spe-

road, were shot dead on the Michigan  
Central tracks near Campbell avenue.  
The man who did the shooting, the po-  
lice believe, is William Barnett,  
Michigan Central detective. He was  
taken into custody.The two men are said to have  
jumped out at Barnett as he was pa-  
trolling the Michigan Central tracks.  
Whether they likewise took him for a

and wished to frighten him is not  
known. Barnett, it is declared,  
thought they were thieves attacking  
him and he drew a revolver at both.

## FINANCIAL PANIC OF 1907

President of the Trust Company of  
America Declares Statement in the  
Public Press at That Time, Attributed  
to George W. Perkins, Caused a  
Run on His Concern Greater Than  
It Could Withstand.Washington, Aug. 12.—Oakleigh  
Thorne, president of the Trust Com-  
pany of America, which became in-  
volved in the financial panic of 1907,  
the affairs of which have been linked  
with the taking over of the Tennessee  
Coal and Iron company by the United  
States Steel corporation at that crisis  
followed George W. Perkins as a wit-  
ness before the house committee of  
inquiry into the affairs of the steel  
corporation.Mr. Thorne forcibly declared, con-  
trary to the testimony given by Mr.  
Perkins and many other witnesses,  
that the Trust Company of America  
was not the "chief sore point" of trou-  
ble at the time it was necessary to  
save the brokerage firm of Moore &  
Schley.He surprised the committee with  
declarations that he was certain un-  
due attention had been directed to-  
ward his company in that crisis and  
he denied any knowledge of the agree-  
ment testified to by George W. Per-  
kins that the taking over of the Ten-  
nessee Coal and Iron company by the  
steel corporation was dependent on  
the bankers of New York raising  
money to save the other horn of the  
dilemma, the Trust Company of Amer-  
ica and the Lincoln Trust company.

Statement Given to Press.

Mr. Thorne was examined in detail  
relating to a public statement given to  
the press Oct. 23, 1907, and attribut-  
ed to Mr. Perkins, in which it was de-  
clared that the "chief sore point of  
the panic was the Trust Company of  
America."He declared that immediately fol-  
lowing this a run on the bank occurred  
and that the run in one day took out  
\$12,500,000. For this, he admitted, he  
had consulted counsel as to the ad-  
visability of suing for damages per-  
sons he felt were responsible, but that  
he was deterred by the necessity to  
seek more money from the bankers of  
New York in order to prevent collapse  
of his institution.That his financial troubles were in  
any way involved in the difficulties of  
Moore & Schley at that time he em-  
phatically denied and further declared  
that Tennessee Coal and Iron stock  
held on collateral for the bank's loans  
amounted to nothing in that situation.Representative Martin W. Little-  
ton conducted the examination of Mr.  
Thorne, who first outlined the history  
of the Trust Company of America. He  
said that before the panic of 1907 his  
company had assets of \$74,000,000. He  
explained that he had been a member  
of the Tennessee Coal and Iron syn-  
dicate and that his bank had made  
loans to Moore & Schley, which had  
been paid. As far as Tennessee Coal  
and Iron stock was involved in col-  
lateral on loans of his bank it was  
nominal and amounted to something  
over \$400,000.

Harvey W. Wiley present as an inter-  
ested auditor Dr. L. F. Kebler and Dr.  
W. D. Bigelow, assistants to Wiley in  
the bureau of chemistry, gave im-  
portant testimony to the house com-  
mittee of inquiry regarding the  
charges against Dr. Wiley pending be-  
fore President Taft.Dr. Bigelow, assistant chief of the  
bureau, began a full and frank state-  
ment of the negotiations that resulted  
in the employment of Dr. H. H. Rusby,  
the New York drug expert, at an an-  
nual salary of \$1,600, to devote part of  
his time to the government service.  
This is the contract declared to have  
been illegally made by Dr. Wiley and  
his associates.The testimony of Dr. Kebler, chief  
of the drug division of the bureau of  
chemistry, was punctuated with the  
statement of the attitude of Solicitor  
McCahey toward the employees of the  
bureau of chemistry. Dr. Kebler criti-  
cized what he regarded as Mr. Mc-  
Cahey's "arrogant" methods.

## POPE HAS RESTLESS NIGHT

Renewal of Burning Sensation in His  
Affected Knee.Rome, Aug. 12.—Pope Pius X. had a  
rather restless night and toward mid-  
night awoke as the result of a renewal  
of the burning sensation in his affec-  
ted knee. Treatment by his physicians,  
however, relieved him.

STRIKE CRISIS  
AT LIVERPOOLShip Owners Say They Will  
Force General Lockout.

## COAL RAPIDLY RUNNING OUT

Vessel Men Claim Employees Have  
Broken Faith and That Sectional  
Strikes Are Occurring—Strikers Give  
Until Monday Noon to Resume  
Work—Huge Quantities of Meat  
Tied Up in Refrigerators.Liverpool, Aug. 12.—The crisis in  
the dockers' strike was reached when  
the leading ship owners gave notice  
that, unless a settlement is reached  
by Monday, they will attempt to ef-  
fect a lockout in all the industries of  
Liverpool.The ship owners complain that, in  
spite of their recent agreement with  
the dockers, sectional strikes have  
taken place, hampering trade. They  
warned the union leaders that, unless  
they could hold their men to the  
terms of the agreement, a serious situ-  
ation would arise. Therefore fifty of  
the leading ship owners formally not-  
ified the dockers' union that, unless all  
sections of the strikers resume work  
by Monday noon, steps will be taken  
to close down all the work throughout  
the port.In a letter to the lord mayor the  
ship owners explain affairs have  
reached a stage where trade is impos-  
sible, as the men have refused to ac-  
cept their friendly overtures and re-  
turn to work. The lord mayor has of-  
fered his services as a mediator.Huge quantities of meat are tied up  
in refrigerators and the stock of coal  
is rapidly running out.The shortage of coal necessitated  
the closing down of a number of fac-  
tories and added greatly to the num-  
bers of idle men.Additional cavalry and infantry  
were brought into the city, but there  
was less disturbance than on previous  
days. This was due to the strike com-  
mittee having issued a manifesto  
earnestly appealing to the men to re-  
frain from acts of violence.Thirty-three wagon loads of pro-  
visions were successfully moved from  
the docks under strong military and  
police guard, with a magistrate at the  
front and rear of the procession pre-  
pared to read the riot act in case of  
interferences. The procession was  
jeered by thousands of strikers, but it  
was not disturbed.

## WINNIPEG CLASH IS OVER

Manitoba Allows Dominion to Prepare  
Polling Lists.Winnipeg, Aug. 12.—Attorney Gen-  
eral Campbell, after placing two regis-  
tration clerks under arrest for refus-  
ing to account long lists of absentees  
handed in by hotel men, withdrew the  
case and admitted before the judge  
the right of the Dominion government  
to go ahead and make the lists. Fol-  
lowing this Dominion officials threw  
out of the registration booths all pro-  
vincial police who had been sent there  
by order of the attorney general and  
federal authorities now resign un-  
questioned.Reciprocity clubs are being organ-  
ized in many centers of Southern Al-  
berta, where government forces have  
strong hopes of defeating the former  
members, McGrath and Herron.

## CANADA HAS LARGE CROPS

Dominion Census Statistic Bureau Is-  
sues Report.Ottawa, Ont., Aug. 12.—"The area  
of spring wheat in the Northwest  
provinces this year is 1,500,000 acres  
more than last year and of oats 341-  
000 acres, but no increase is shown  
for barley. Hay and clover is esti-  
mated at 12,189,000 tons for Canada,  
being 1.43 tons per acre."This is a report issued by the Do-  
minion census statistic bureau. "The  
condition of spring wheat at the end  
of July," the report adds, "was 90 for  
the whole of Canada, being 85 to 95 in  
Ontario and Quebec, 90 to 96 in the  
Northwest provinces and 87 in British  
Columbia."

International Waterways Officials Ap-  
pointed by Dominion.Ottawa, Ont., Aug. 12.—The Cana-  
dian section of the International wa-  
terways commission, under the new  
treaty with the United States, was  
appointed. The members are Sir  
George Gibbons of London, Aime  
Geoffroy of Montreal and A. P. Barn-  
hill of St. John, N. B. The United  
States has appointed three members,  
including former Congressman Tan-  
ney of Minnesota. The jurisdiction of  
the commission extends over all mat-  
ters relating to international water-  
ways between the countries.

## MAYOR PARDONS MRS. REESE

Iola (Kan.) Woman Will Not Toil in

should work out a fine imposed on her  
last Monday on the rock pile like a  
man Mayor Boltzinger pardoned the  
woman.WOOL BILL IS  
NOW COMPLETESenate and House Conferees Ar-  
rive at an Agreement.

## DEADLOCKED ON FREE LIST

House Declines to Accept Amendment  
Relating to Admission of Meats and  
Cereals and Insists Upon Adding  
Lemons to Free List—Senator Bai-  
ley Says He Will Not Sign Confer-  
ence Report on Those Lines.Washington, Aug. 12.—Doffing their  
coats and for the first time in history  
inviting the press to be present the  
conferees of the two houses of con-  
gress on the wool tariff revision and  
farmers' free list bills sat down in  
conference to compose their differ-  
ences. Finally they effected a com-  
plete agreement on wool and began  
consideration of the free list bill.The wool bill, as agreed upon, will  
be reported to the senate by Senator  
La Follette of Wisconsin and to the  
house by Representative Underwood.  
They will direct the course of the bill  
in those two bodies. As the house  
has the papers bearing upon the bill  
that body will have to act first.The bill was so amended as to re-  
quire that the proposed law shall take  
effect Oct. 1, instead of Jan. 1, as pro-  
vided in the senate and house meas-  
ures.The conferees hope to have the re-  
port adopted in both houses and the  
bill started on its course to the White  
House, where the president is expect-  
ed to veto it.The free list bill was under con-  
sideration for about fifteen minutes,  
but the conflict between the repre-  
sentatives of the two houses was so  
pronounced that it became necessary  
to postpone action.After fixing 29 per cent ad valorem  
as the duty on raw wool and changing  
the wool classification so as to con-  
form to the language of the house  
bill the agreement on other features  
became a matter of detail. At times  
there were sharp differences of opin-  
ion, but at no time was a disagree-  
ment on that measure threatened.

## Reduces and Raises Rates.

The change of classification has the  
effect of fixing a flat duty on all wools  
and while it reduces the rates on or-  
dinary wools from 35 per cent as pro-  
vided in the senate bill, and increases  
those of the house bill from 20 per  
cent, it also increases the rates on  
car wools from 10 per cent, as pro-  
vided in the senate bill, to the 29 per  
cent fixed by the conferees.In most respects the duties on the  
manufactures of wool were increased  
over the rates of the house bill and  
reduced below those of the senate bill  
so as to make them correspond with  
the raw wool; but in some instances  
they were made higher than those of  
either measure.After the disposal of the wool bill  
the free list bill was laid before the  
conference. Mr. Underwood an-  
nounced the absolute refusal of the  
house to accept the senate amend-  
ment confining the free admission of  
meats and cereals to those coming  
from countries with which the United  
States has reciprocal trade agree-  
ments, which would confine the free  
importation of those articles to im-  
ports from Canada. He stated also  
that the house would insist upon ad-  
ding lemons to the free list."I will never sign a conference re-  
port on those lines," said Mr. Bailey.  
After other expressions of decided  
difference Mr. Underwood made an ef-  
fort to obtain the consent of all par-  
ties to report a disagreement. Mr.  
Bailey was again obdurate."I am frank to say," he said, "that  
I am never going to agree to a dis-  
agreement unless I am sure that we  
can sustain ourselves in the senate."

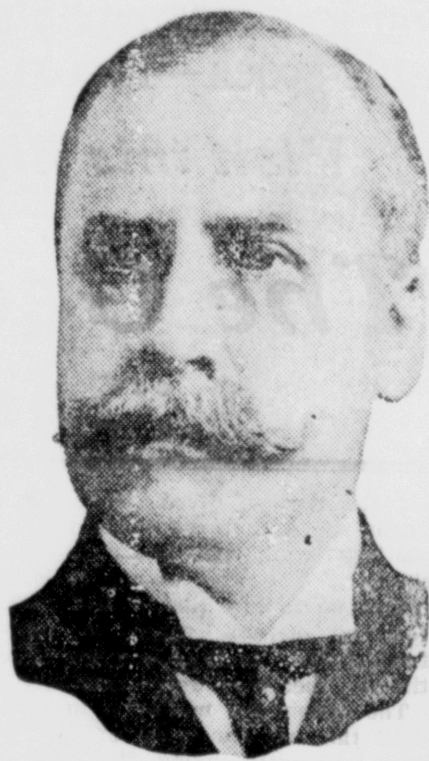

## INDIANS SECURING LIQUOR

Pussyfoot Johnson Again in Northern  
Minnesota.Walker, Minn., Aug. 12.—Chief Special  
Agent (Pussyfoot) Johnson of the  
Indian service was in Walker for the  
first time since last year looking up  
the liquor question with reference  
to furnishing intoxicants to persons  
of Indian blood. He went from here  
to Akeley, where it is alleged boot-  
legging is being carried on.While Walker, the nearest town to  
the reservation, has successfully put  
the lid on Indian booze the fact re-  
mains that the reds are getting liquor.  
Most of the bootlegging is done by In-  
dians who go to other towns and ob-  
tain a supply of whisky which they  
take on the reservation. Owing to the  
demand for the liquor they have no  
trouble in obtaining a dollar a pint for  
it.

## Train Kills Three.

Springfield, Ill., Aug. 12.—A mail  
train on the Vandalia road struck the  
automobile of A. C. Walker, manager  
of a garage in Vandalia, at a crossing  
three miles east of Vandalia, killing  
all the occupants of the machine.

## FREDERICK W. PLAISTED.

## PLAISTED TO SUCCEED FRYE

Governor May Have Senatorship if  
He Wants It.Portland, Me., Aug. 12.—While the  
death of United States Senator Frye  
has cast a gloom over the entire state  
there is much speculation as to his  
successor, who will be a Democrat.Governor Plaisted could have the  
senatorship if he would take it, which  
is doubtful. Others mentioned are  
Congressman Daniel J. McGillicuddy,  
Judge George M. Hanson, former  
Sheriff W. M. Pennell of Portland and  
Obadiah Gardner of Rockland.CONFEREES AGREE  
ON PUBLICITY BILLSenate Practically Gains All  
Points in Dispute.Washington, Aug. 12.—The cam-  
paign publicity bill will be reported to  
both houses with the conference com-  
mittee's recommendation that it pass  
practically as amended by the senate.  
The conferees reached an agreement,  
the house members offering no objec-  
tion to the principal features of the  
final amendments. Chairman Rucker  
of the committee believes that the bill  
will go to the president immediately.The measure, as amended, provides  
that the treasurer of every political  
committee acting for a party candi-  
date in a general election or every  
person who is a candidate for a nomi-  
nation or election to the house or sen-  
ate shall file with the clerk of the  
house of representatives or secretary  
of the senate within a stipulated time  
before such election an itemized state-  
ment of campaign expenses. It fur-  
ther requires that candidates shall  
not spend more than 10 cents for each  
voter in their state or district, the  
sum expended by a candidate for the  
senate not to exceed \$10,000, or \$5,000  
by a candidate for the house.Candidates are required to state  
what positions or profit, if any, they  
have promised in an effort to obtain  
votes.As originally passed by the house  
the bill did not apply to primary elec-  
tions.

## HEAT WAVE GRIPS GERMANY

High Temperatures Causing Deaths,  
Insanity and Water Famine.Berlin, Aug. 12.—The heated tem-  
peratures unabated throughout Ger-  
many and during the past few days  
the temperature has been higher than  
before. Deaths from sunstroke are  
reported from all sections.A water famine threatens some dis-  
tricts, where the brooks are drying up.  
In the Elbe region the farmers have  
been forced to haul the water to their  
farms. Fish are dying on the river  
beds there and in Westphalia.Navigation on all the chief streams  
has been almost suspended owing to  
low water. The Rhine at Rudesheim  
is lower than it has been before since  
1811.A number of cases of persons be-  
coming insane because of the heat are  
reported.

## SHIPS STEWARDS IN MUTINY

Employees on Victorian Arrested for  
Failing to Serve Meals.Montreal, Aug. 12.—With the arrival  
of the Allan line steamer Victorian  
here from Liverpool constables ar-  
rested fifty-seven first and second  
class stewards. They are charged  
with mutiny in having failed to serve  
breakfast and lunch to the vessel's  
passengers.The trouble started, it is charged,  
when the stewards balked at helping  
put ashore the mail at Rimouski.  
They retreated from this stand, how-  
ever, and helped hustle the mail  
ashore, but declined to assist in serv-  
ing the meals, it is said. Officers of  
the ship sent word of the trouble  
ahead and the constables were sent to  
seize them.

BOUND TO COMECanadian Reciprocity Proves to  
Be Entering Wedge.

## SENTIMENT GROWING DAILY.

Many Republicans Are Angry Over  
Canadian Bill, and They Will Vote  
For Lower Rates on All Manufactured  
Articles—Congressman Underwood's  
Stock Is Rising.

By ARTHUR W. DUNN.

Washington, Aug. 12.—[Special.]—  
That tariff revision must come in the  
near future has been apparent from  
votes taken in both houses on differ-  
ent schedules presented. It looks as  
if the tariff sentiment in the house  
was strong enough to pass the several  
bills over the president's veto, but  
there is more than one-third of the  
senate that still stands for protection  
and would not allow bills to become  
laws without the president's approval.In the last house the tariff revision  
sentiment was not very strong, the in-  
surgents not being very numerous. In  
the last senate the same was true,  
save that the insurgents made them-  
selves more prominent. But they  
were not able to materially reduce the  
tariff. As a result of the election last  
fall the tariff revisionists largely in-  
creased their strength, and the belief  
prevails that until there is substantial  
reduction of duties the sentiment will  
continue.

## They Mean Business.

Promise of tariff revision in the next  
session has already been made. It  
is doubtful, however, if the president  
and the present majority in both  
houses will find themselves in accord  
as to how far revision should go.The way certain Republicans of the  
senate have been voting on the differ-  
ent tariff bills shows that they mean  
business. Most of them are very an-  
gry over the enactment of the Cana-  
dian reciprocity bill, and they intend  
to get even with the men in the east  
who supported that measure by voting  
for lower rates on manufactured  
goods when opportunity presents it-  
self. It is proving that Canadian reci-  
procity was the entering wedge for  
tariff revision.

## Alabama Stock Raises.

"How's your Alabama candidate?"  
Congressman Clayton was asked the  
day after Oscar Underwood paid his  
respects to Mr. Bryan."Looking up," replied Clayton. "Ala-  
bama stock has gone up materially.  
Bryan will make a real live candidate  
of him if he keeps this thing going  
much farther.""I'll be hanged if that isn't a fact,"  
remarked Congressman Garner of  
Texas. "As sure as you're a foot high,  
Underwood will be a mighty big fac-  
tor in the next convention. Even  
Bryan's best friends in the house are  
sustaining him in this situation."

## Stenographers Can't Keep Up.

There are so many hearings in pro-  
gress and so much testimony being  
taken that the shorthand men cannot  
turn out the copy fast enough to have  
it printed day by day. Redoubled  
activity among the different investi-  
gating committees has been a good thing  
for the stenographers who want the  
merry dance to continue.

## Looks Like a Jail.

Such strong bars have been placed  
on the lower windows of the east  
front of the treasury building that the  
fine edifice has the appearance of a  
jail. Heretofore wire gratings cov-  
ered the windows, but in remodeling  
the building it was decided to make  
it impossible for burglars to break into  
Uncle Sam's strong box.

## "Working Lines."

Minority Leader Mann coined the  
phrase "working lines" to describe the  
alliance or whatever may be called  
the understanding between the Demo-  
crats of the senate and the insurgent  
Republicans who have been assisting  
in passing the tariff bills. He asked  
Leader Underwood about these "work-  
ing lines" and the Alabama member  
responded that at that time the "work-  
ing lines had not been perfected."

## Meant Nice Discrimination.

It developed in the talk about the  
campaign publicity bill that if the sen-  
ate provision limiting expenditures to  
10 cents for each voter was retained  
in several states to fix the amount.  
Congressman Olmsted pointed  
out that in one district in Missis-  
sippi only 4,070 votes were cast at  
the congressional election, which would  
limit the expenditure to \$407. It  
would also be hard to decide whether  
men of voting age, including the ne-  
groes in the southern states, should  
be considered voters or only those who  
voted.

## Hughes Advancing.

Friends of Billy Hughes, the New  
Jersey member of the ways and means  
committee, have been congratulating  
him upon the prospects he has for be-  
coming governor. It hangs upon such  
a contingency as to give the whole  
matter a speculative turn, but none the  
less it causes things to be said to  
Hughes which show appreciation.If Governor Wilson should be nomi-  
nated for president he would leave a  
vacancy in the New Jersey governor-  
ship, and Hughes' friends say he is the  
man for it. Hughes has served only  
three terms in congress, but he has  
made a place for himself in that time.

## CAPITALIST RESCUES THREE

George H. Earle, Jr., Nearly Loses Life  
at Upper St. Regis Lake.Philadelphia, Aug. 12.—George H.  
Earle, Jr., president of the Real Es-  
tate Trust company and "prodler" of  
the sugar trust, nearly lost his life at  
Upper St. Regis lake, in the Adiron-  
dacks, while saving his two grandchil-  
dren and their companion, Miss Marie  
Kane, who had been riding in a mo-  
torboat.The tank blew up, setting the craft  
afire. Mr. Earle jumped into another  
motorboat and after tying it to the  
blazing craft managed to get the two  
children, daughters of Mrs. Victor  
Mather, to a place of safety. Miss  
Kane then attempted to jump into the  
lake, but she fell into the water.  
Mr. Earle jumped overboard and  
saved her from drowning.Mr. Earle was badly burned, while  
the children escaped unharmed.IOWA POSSE CHASES  
ESCAPED CONVICTBrother of Prisoner Probably Fatally  
Wounds Guard.Cedar Rapids, Ia., Aug. 12.—Two  
hundred penitentiary guards, peace  
officers and citizens are surrounding a  
deep woods near Viola, Ia., where they  
believe are hiding Charles Schmidt, a  
convict, and his brother, an ex-con-  
vict, who helped him to escape from  
the guards at the state penitentiary  
at Anamosa after fatally wounding  
William Humaker, a prison guard.By a carefully planned ruse the con-  
vict's brother was enabled to attack  
Humaker while he was more than a  
mile away from the prison, alone with  
Schmidt.While Schmidt was working in a  
stone quarry two miles away from the  
prison walls some one telephoned the  
warden's office and asked permission  
to see the convict. The request was  
granted and Humaker ordered to bring  
the prisoner to the warden's office.Half way to the prison Humaker  
was confronted by an armed man who  
had driven out in a buggy to meet him  
and Schmidt. The guard attempted  
to draw a revolver, but he was shot  
down. Schmidt and his brother then  
tied the wounded man to a nearby  
tree, leaped into the buggy and  
whipped the horses into a gallop es-  
caped.

romantic courtship early in the year  
Miss Florence Hopwood, a Minneapo-  
lis girl, is to become the wife of  
Charles G. Gates, who will inherit the  
greater part of the estate of his father,  
John W. Gates, American millionaire,  
who died Wednesday in Paris. The  
engagement took place early in the  
summer before Charles G. Gates was  
called to Paris by the serious illness of  
his father and, when he left, Miss  
Hopwood and her parents, Mr. and  
Mrs. Frank P. Hopwood, accompanied  
him. Mr. Hopwood has returned, but  
his wife and daughter are still in  
Paris.

## STANDARD PAYS \$42,395.69

Trust Sends Check to Square Costs in  
Suit Ending Its Existence.Washington, Aug. 12.—It cost the  
Standard Oil company \$42,395.69 in  
court fees alone to resist the govern-  
ment's long fight to have it dissolved.  
A check for that sum, the amount  
awarded by the supreme court as  
costs in its decision, was received at  
the department of justice.That amount, of course, does not in-  
clude attorneys' fees or other expenses  
which the big corporation incurred in  
the long litigation. The court costs  
paid are probably the smallest item of  
a bill totaling into millions, the ex-  
act amount of which probably never  
will be known.

Officers Taken for Car Thieves and  
Shot.Detroit, Aug. 12.—Taken for the car  
thieves they themselves were hunting  
Frank J. Cook and Dan Vreeland, spe-  
cial officers for the Lake Shore rail-  
road, were shot dead on the Michigan  
Central tracks near Campbell avenue.  
The man who did the shooting, the po-  
lice believe, is William Barnett,  
Michigan Central detective. He was  
taken into custody.The two men were said to have  
jumped out at Barnett as he was pa-  
trolling the Michigan Central tracks.  
Whether they likewise took him for a  
car thief or whether they recognized  
him and wished to frighten him is not  
known. Barnett, it is declared,  
thought they were thieves attacking  
him and he drew a revolver at them  
and shot both.

homesteaders on the Rosebud Indian  
reservation in South Dakota. Both  
bills have passed the senate.

## 38 PER CENT LINE LOSS

Sec. Nelson, in His Report to Water & Light Board Last Night, Mentions the Loss

## THE BOARD DISCUSSES MATTER Two Transformers for Iron Exchange Building to Run the Elevator —Other Business

The water and light board had a regular meeting last night and all members and the secretary were present. The minutes were read and approved. The most important matter occurring was the mention in Secretary Nelson's report published below, that the city was sustaining a line loss of fully 38 per cent. The board discussed the matter with the city electrician and something will be done soon to remedy things.

The three phase motor connections at the Whittier school were ordered installed on condition that the board of education pay half of these expenses.

The two 15 kilowatt transformers were ordered removed from block 43 and ordered replaced with one 25 kilowatt transformer. The two 15 kilowatt transformers will be placed in the Iron Exchange building for running the elevator.

A contract was made with the Northwestern Electrical Equipment Co., of St. Paul, for lamps for the coming year. New roofs were ordered placed on the pumping station.

Two 3 kilowatt transformers were ordered placed in the Whittier school on written notice from the board of education that it would pay one-half the expense of installation.

The coal bids were opened, all bidding on furnishing Youghigheney coal. Three bids were received as follows:

John Larson, \$4.15 per ton.  
Dower Lumber Co., \$4.30 per ton.  
Everett & Hitch, \$4.28 per ton.

The contract was, on motion awarded to John Larson, the lowest bidder.

The secretary was ordered to bill on the city for \$106.65 for material in hanging the arc lamps.

A letter was read from the city clerk authorizing the board to purchase 30 additional arc lamps in conjunction with the electric light committee.

The petition from the mill district asking for lights was referred to a committee.

Secretary Nelson's report of the electric light department for the month of July shows the following receipts:

Balance on hand July 1, 1911 ----- \$11,092.89  
Collected from sale electric current July ----- 1,972.53

Collected from sale material and labor July ----- 574.16  
Received from county treasurer account delinquent electric light consumers ----- 29.99

Total ----- \$13,669.57

The disbursements were:  
Supplies ----- \$ 680.80  
Office and incidental ----- 29.90

Electric current June ----- 730.32  
Labor account arc light ----- 178.37  
Material account arc light ----- 330.54

Labor ----- 218.40  
Total ----- \$ 2,168.33

Balance on hand July 31 \$11,501.24

## TO SUBLIME DEGREE OF MASTER MASON

Five Candidates are Given the Degree at a Session of the Masonic Lodge Last Night

## A BANQUET IS SERVED Past Grand Master of Grand Lodge of N. D., W. L. Stockwell, and Other Visitors Present

Five candidates, Messrs. Harry Patek, Robert Crust, Walter F. Wieland, H. G. Ingersoll and Theodore A. Miller, were raised to the sublime degree of master mason last night at the session of the Masonic lodge.

It was made a great event in Masonic circles. The class is one of the finest to receive the degree. The candidates are all in the prime of life and are all about the same age. The session commenced at 7:30 and it took until 12:30 before the program, which included a splendid banquet, was concluded. Over 100 Masons, including many from neighboring lodges, were present.

Edward Crust, whose oldest son was made a Mason, presided at the banquet and acted as toast master. Among the speakers were W. L. Stockwell, of Fargo, N. D., the past grand master of the grand lodge of North Dakota and now the secretary of the grand lodge at Fargo; Charles S. Schoenman, of Chicago; A. E. Cobb, of Grafton, N. D., a brother of City Superintendent of Schools W. C. Cobb; Rev. W. J. Lowrie, pastor of the First Presbyterian church; Martin Nelson, master of the Brainerd lodge; Attorney S. F. Alderman; Col. C. D. Johnson. Among the visitors were members from Perham, Wadena, E. G. Ingalls, of Crosby, Mr. Katz, of Coleraine; George Sweetnam, of Superior, W. S. Pitt, of Crosby and many others.

Another class of five will soon be ready and one shortly after that. The candidates are numerous because no initiations were held until the new lodge rooms were completed.

## PLAY FOLEY SUNDAY Game to be Called at Three O'clock Sunday Afternoon at the Koering Grounds

Foley will play Brainerd at the Koering grounds at three o'clock Sunday afternoon. The Foley team has played St. Cloud, Alexandria, Little Falls, Long Prairie and other fast teams and will put up a good game with the Brainerd boys.

Capt. Templeton has not announced who will pitch tomorrow, but it will probably be Alderman. Arrangements have been perfected for the game the following Sunday with Little Falls. A special train has been secured and the Brainerd City band will accompany the rooters. A large crowd is expected. The fare for the round trip will be \$1.25.

## SPEAKING ABOUT UMPIRES Wm. Nelson Might be a Good One— Dr. Camp Tells an Umpire Story of the Early Days

In searching for material for an umpire many people have suggested that William Nelson, secretary of the water and light board, be given a chance. Mr. Nelson has had military experience and he has been chief of police and he is also possessed of a very diplomatic temperament.

While at the city hall Dr. Camp related the story of an umpire who officiated at a game in the southern part of the state in the early days of baseball. The community was thickly settled with Irish and of these there were two factions. And when the two factions attended a picnic or a dance there was always excitement of some kind.

This particular game which Dr. Camp had in mind was well written up by the old editor of that locality. He stated: "John Drew umpired the game on horse back." That simple line at the conclusion told the story. When the clans had their fight over some decision of the umpire and advanced in a body on that official he put spurs to his horse and raced into the next county until the riot subsided. A horse in his case was better protection than any mask or chest protector.

## THIRTY YEARS TOGETHER Thirty Years of Association—think of It. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. Trial bottle free. Guaranteed by all druggists.

Mr. Yule in "The Rivals"  
William Yule, the able comedian who has so firmly established himself in the favor of Brainerd theatre-goers, will shortly be seen here in a revival of Richard Brinsley Sheridan's famous comedy of manners, "The Rivals." Mr. Yule, of course, will assume the role of the valiant Bob Acres who is willing to fight for the favor of his lady love, but who is put through so many trying scenes and ludicrous situations by his sly friend, Sir Lucius O'Trigger. That Mr. Yule will make the same success of this famous role he has in the many notable Shakespearean characters he has assumed in past seasons no one can doubt who knows his natural ability as a character comedian. He will have a fine supporting company to interpret the many difficult roles such as Sir Lucius O'Trigger, Mrs. Malaprop, Sir Anthony Absolute and the others of the play.

No doubt a large and brilliant audience will assemble to see Mr. Yule and his company in "The Rivals" at the Brainerd opera house on Saturday evening, August 19, when they appear for a limited engagement of one night.

## ACCUSED OF STEALING E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from the boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists.

Horrors of Leprosy.  
That dreaded disease, leprosy, is very slow, and people who suffer from it lose their sight and voice in the long run. Fingers and toes and pieces of flesh drop off in the most horrifying way, the leper gradually getting weaker and finally succumbing after many years of suffering and bitter lonely misery. Curiously enough, few people actually die of leprosy. The disease weakens the constitution to such an extent that a leper becomes susceptible to other diseases, one of which attacks and kills him. To show how slow the disease is, it is sufficient to state that in the leper colony in New Brunswick one patient suffered for fifty years!

## AN EMOTIONAL TRUNK. Landady—I'll have to request you to pay in advance, Mr. Smith. Smith— Why, isn't my trunk good for a week's board? Landady—No. It looks like an old fashioned emotional trunk. Smith—Emotional? Landady—Yes; one that is easily moved.

## WILL INVESTIGATE STEPHENSON

Special to Dispatch:—  
Washington, Aug. 12, 1911—An investigation of the election of United States Senator Isaac Stephenson, of Wisconsin, was directed in a resolution passed by the senate today. The resolution was reported to the senate by Chairman Dillingham of the election committee, which, at a meeting today, approved the recommendation of the subcommittee granting the Wisconsin legislature's request for an investigation.

## A KING WHO LEFT HOME Set the world to talking, but Paul Mathulka, of Buffalo, N. Y., says he always keeps at home the King of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists.

## LOSES AT WADENA Roy, Pitching for Walker Indians at Wadena, is Hammered for 11 Runs on Wednesday

The Wadena nine defeated the Walker Indians in two games played there Wednesday and Thursday. Wednesday's score was 11 to 1. The batteries were, for Walker, Roy and Tanner; for Wadena, Erickson and Campeau.

In Thursday's game the Indian Roy was relieved from pitching and Capt. Rogers took the mound. The second game resulted in another decisive victory for Wadena, the score being 11 to 3. Batteries: Walker, Rogers and Tanner; Wadena, Doyle and Campeau.

Wadena will play the fast Moorhead team at Wadena this Sunday.

## BACK TO JAIL Habeas Corpus Proceedings Today Fail to Get Robert Lee From His Prison Cell

Habeas corpus proceedings and a writ of certiorari, brought by the attorneys of Robert Lee, the colored man who is in jail for the alleged robbery at the City hotel, came to naught this morning and Judge McClenahan, of the district court, ordered Lee remanded to jail.

He was under \$300 bonds but as they have not been furnished the colored man will remain in Crow Wing county's bastille to await the action of the grand jury.

## NOTICE I wish to say that the report started by a young girl, and then circulated in the shops by a man (not a gentleman), with regard to how I got my head burned last winter, is absolutely false, and no one but a person with low mind and foul mouth would think of circulating such an unreasonable falsehood.

38 PER CENT  
LINE LOSS

Sec. Nelson, in His Report to Water & Light Board Last Night, Mentions the Loss

THE BOARD DISCUSSES MATTER

Two Transformers for Iron Exchange Building to Run the Elevator—Other Business

The water and light board had a regular meeting last night and all members and the secretary were present. The minutes were read and approved. The most important matter occurring was the mention in Secretary Nelson's report published below, that the city was sustaining a line loss of fully 38 per cent. The board discussed the matter with the city electrician and something will be done soon to remedy things.

The three phase motor connections at the Whittier school were ordered installed on condition that the board of education pay half of these expenses.

The two 15 kilowatt transformers were ordered removed from block 43 and ordered replaced with one 25 kilowatt transformer. The two 15 kilowatt transformers will be placed in the Iron Exchange building for running the elevator.

A contract was made with the Northwestern Electrical Equipment Co., of St. Paul, for lamps for the coming year. New rods were ordered placed on the pumping station.

Two 3 kilowatt transformers were ordered placed in the Whittier school on written notice from the board of education that it would pay one-half the expense of installation.

The coal bids were opened, all bidding on furnishing Youghigheney coal. Three bids were received as follows:

John Larson, \$4.15 per ton.  
Dower Lumber Co., \$4.39 per ton.  
Everett & Hitch, \$4.28 per ton.

The contract was, on motion awarded to John Larson, the lowest bidder.

The secretary was ordered to bill on the city for \$106.65 for material used in hanging the arc lamps.

A letter was read from the city clerk authorizing the board to purchase 30 additional arc lamps in conjunction with the electric light committee.

The petition from the mill district asking for lights was referred to a committee.

Secretary Nelson's report of the electric light department for the month of July shows the following receipts:

Balance on hand July 1, 1911	\$11,092.89
Collected from sale electric current July	1,972.53
Collected from sale material and labor July	574.16

R. J. Tinkelpaugh Has Book, "Notes on State of Virginia," by Jefferson, 117 Years Old

R. J. Tinkelpaugh is the possessor of a relic in printing, a book entitled "Notes on the State of Virginia," 117 years old. The book was written by Thomas Jefferson and is the second edition of the work, having been printed on November 12, 1794, at Philadelphia, for Mathew Carey, of 118 Market street. It came to Mr. Tinkelpaugh through his mother's family. On a fly leaf is found the name of one of its previous owners, Robert Armstrong.

The chapters are termed queries and they contain articles on the boundaries of Virginia, its rivers, seaports, mountains, cascades, the productions of minerals, vegetables and animals, climate, population, military force, marine force, aborigines, counties and towns, constitution, laws, colleges, buildings and roads, proceedings as to Tories, religion, manners, manufactures, subjects of commerce, weights, measures and money, public revenues and expenses, histories and memorials, and state papers.

The old style of English printing is used and it is rather difficult reading because the "s" resembles the letter "f". The book is well preserved and the binding is in fairly good condition.

DRILLING AT BELLE PRAIRIE

Gaylord & Guith Will Set up a Drill in Section Eight, Belle Prairie Township

Gaylord & Guith, the Crosby iron mining men, shipped a drill into Morrison county this week and it will be set up in section eight of Belle Prairie township, about seven miles northeast of Little Falls. This firm has several options on land in Belle Prairie and drilling will be started at once. Eighteen drills are working on the west side of the Mississippi river in Morrison county, and it is said that in Clough township some good ore has been found.

Several options have been taken by Little Falls men west of that town along the line of the L. F. & D. railway, and it is planned to put a drill down on some of this land.

Attack Like Tigers

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists.

UNIQUE IDEA.

Pennsylvania Mine Code to Be Printed in Nine Languages.

A unique order for printing has just been given to the Pennsylvania state printer by A. Nevin Pomeroy, state superintendent of public printing, and it illustrates the diversity of population of Pennsylvania's mining regions. In order that miners in every section of the great bituminous coal fields of the state may be made familiar with the provisions of the "soft coal code" passed by the recent legislature arrangement was made for the issuance of 100,000 copies of the act soon after it was approved.

When it came to looking up the manner of diffusing the information the state officials were confronted with the problem of reaching people speaking in the neighborhood of ten different tongues. A careful study of the conditions was made, and it was finally decided that the 100,000 copies should be divided between nine languages, the greater number being in English. The others will be Slavonian, Russian, Polish, Hungarian, German, Lithuanian, Swedish and Italian. Some of these languages will require additional type at the state printery.

Two Effects.

Mr. C.—What are you crying about, my dear? Mrs. C.—I have just been reading the old love letters you sent me before we were married. Mr. C.—That's funny. I was reading them myself the other day, and they made me laugh.

PLAY FOLEY SUNDAY

Game to be Called at Three O'clock Sunday Afternoon at the Koering Grounds

Foley will play Brainerd at the Koering grounds at three o'clock Sunday afternoon. The Foley team has played St. Cloud, Alexandria, Little Falls, Long Prairie and other fast teams and will put up a good game with the Brainerd boys.

Capt. Templeton has not announced who will pitch tomorrow, but it will probably be Alderman. Arrangements have been perfected for the game the following Sunday with Little Falls. A special train has been secured and the Brainerd City band will accompany the rooters. A large crowd is expected. The fare for the round trip will be \$1.25.

SPEAKING ABOUT UMPIRES

Wm. Nelson Might be a Good One—Dr. Camp Tells an Umpire Story of the Early Days

In searching for material for an umpire many people have suggested that William Nelson, secretary of the water and light board, be given a chance. Mr. Nelson has had military experience and he has been chief of police and he is also possessed of a very diplomatic temperament.

While at the city hall Dr. Camp related the story of an umpire who officiated at a game in the southern part of the state in the early days of baseball. The community was thickly settled with Irish and of these there were two factions. And when the two factions attended a picnic or a dance there was always excitement of some kind.

This particular game which Dr. Camp had in mind was well written up by the old editor of that locality. He stated: "John Drew umpired the game on horse back." That simple line at the conclusion told the story. When the clans had their fight over some decision of the umpire and advanced in a body on that official he put spurs to his horse and raced into the next county until the riot subsided. A horse in his case was better protection than any mask or chest protector.

Thirty Years Together

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. Trial bottle free. Guaranteed by all druggists.

Mr. Yule in "The Rivals"

William Yule, the able comedian who has so firmly established himself in the favor of Brainerd theatre-goers, will shortly be seen here in a revival of Richard Brinsley Sheridan's famous comedy of manners, "The Rivals." Mr. Yule, of course, will assume the role of the valiant Bob Acres who is willing to fight for the favor of his lady love, but who is put through so many trying scenes and ludicrous situations by his friend, Sir Lucius O'Trigger. That Mr. Yule will make the same success of this famous role he has in the many notable Shakespearean characters he has assumed in past seasons no one can doubt who knows his natural ability as a character comedian. He will have a fine supporting company to interpret the many difficult roles such as Sir Lucius O'Trigger, Mrs. Malaprop, Sir Anthony Absolute and the others of the play. No doubt a large and brilliant audience will assemble to see Mr. Yule and his company in "The Rivals" at the Brainerd opera house on Saturday evening, August 19, when they appear for a limited engagement of one night.

Accused of Stealing

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from the boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists.

Horrors of Leprosy.

That dreaded disease, leprosy, is very slow, and people who suffer from it lose their sight and voice in the long run. Fingers and toes and pieces of flesh drop off in the most horrifying way, the leper gradually getting weaker and finally succumbing after many years of suffering and bitter lonely misery. Curiously enough, few people actually die of leprosy. The disease weakens the constitution to such an extent that a leper becomes susceptible to other diseases, one of which attacks and kills him. To show how slow the disease is, it is sufficient to state that in the leper colony in New Brunswick one patient suffered for fifty years!

An Emotional Trunk.

Landady—I'll have to request you to pay in advance, Mr. Smith. Smith—Why, isn't my trunk good for a week's board? Landady—No. It looks like an old fashioned emotional trunk. Smith—Emotional? Landady—Yes; one that is easily moved.

WILL INVESTIGATE  
STEPHENSON

Special to Dispatch:—

Washington, Aug. 12, 1911—An investigation of the election of United States Senator Isaac Stephenson, of Wisconsin, was directed in a resolution passed by the senate today. The resolution was reported to the senate by Chairman Dillingham of the election committee, which, at a meeting today, approved the recommendation of the subcommittee granting the Wisconsin legislature's request for an investigation.

A King Who Left Home

Set the world to talking, but Paul Mathulka, of Buffalo, N. Y., says he always keeps at home the King of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists.

LOSES AT WADENA

Roy, Pitching for Walker Indians at Wadena, is Hammered for 11 Runs on Wednesday

The Wadena nine defeated the Walker Indians in two games played there Wednesday and Thursday. Wednesday's score was 11 to 1. The batteries were, for Walker, Roy and Tanner; for Wadena, Erickson and Campeau.

In Thursday's game the Indian Roy was relieved from pitching and Capt. Rogers took the mound. The second game resulted in another decisive victory for Wadena, the score being 11 to 3. Batteries: Walker, Rogers and Tanner; Wadena, Doyle and Campeau.

Wadena will play the fast Moorhead team at Wadena this Sunday.

BACK TO JAIL

Habeas Corpus Proceedings Today Fail to Get Robert Lee From His Prison Cell

Habeas corpus proceedings and a writ of certiorari, brought by the attorneys of Robert Lee, the colored man who is in jail for the alleged robbery at the City hotel, came to naught this morning and Judge McClenahan, of the district court, ordered Lee remanded to jail.

He was under \$200 bonds but as they have not been furnished the colored man will remain in Crow Wing county's bastille to await the action of the grand jury.

Notice

I wish to say that the report started by a young girl, and then circulated in the shops by a man (not a gentleman), with regard to how I got my head burned last winter, is absolutely false, and no one but a person with low mind and foul mouth would think of circulating such an unreasonable falsehood.

M. A. BILLINGS.

Somewhat Abrupt.

"My pet monkey was run over, and as his next friend I want to sue." "I can't take the case," said the lawyer. "Don't you want business?" "Yes, but I don't want any monkey business."—Louisville Courier-Journal.

**DIED FOR A CAT.**  
Artist Rushed Into the Flames to Try  
to Save Her Pet.

Returning to a burning structure to  
try to rescue an Angora cat and three  
kittens, Miss Louise B. Frederici, thirty  
years old, an artist, lost her life in a  
fire which destroyed three houses in  
Los Angeles. The young woman was  
caught beneath a falling roof and in-  
cinerated. Another pet cat was re-  
sponsible for saving eleven lives.

Mrs. Nellie S. Drane had lighted the  
heater in the kitchen. She returned to  
bed and fell asleep. She was awak-  
ened some time later by the actions of a  
pet cat, which had discovered the  
flames. The cat ran to her room and  
started to claw the clothing from her  
bed. This awakened Mrs. Drane, who,  
smelling smoke, rushed into the kit-  
chen to find the rear of her home  
ablaze. She gave the alarm, and the  
other eleven occupants of the house,  
including Miss Frederici, barely es-  
caped from the burning structure.

Miss Frederici after gaining the  
street remembered that her pet cat,  
which was nursing three kittens in a  
basket in her bed-chamber, had been  
overlooked. Ignoring the protests of  
her friends, she dashed back through  
the smoke and flames. She had no  
sooner disappeared into the doomed  
structure than spectators were horri-  
fied to see the roof give way and crash  
to the first floor.

The Widow's Chance.  
"Why is it that a widow's chance to  
get married is always so much better  
than that of a girl who has never  
tasted matrimonial bliss?"  
"A widow's chance isn't any better.  
She merely knows how to take advan-  
tage of it."—Chicago Record-Herald.

**EASILY DECIDED**

This Question Should be Answered  
by Brainerd People

Which is the wiser—to have con-  
fidence in the opinions of your fellow  
citizens, of people you know, or de-  
pend on statements made by utter  
strangers residing in far-away  
places? Read the following:

Mrs. C. Sundberg, 1504 E. Pine St.  
Brainerd, Minn., says: "Doan's Kid-  
ney Pills have earned my grateful  
endorsement. I suffered for several  
years from backache and it not only  
made me uncomfortable while doing  
my work, but kept me from getting  
my proper rest at night. I was  
sometimes distressed by dizzying spells  
and often my feet and ankles were  
swollen. The doctors said I had  
kidney complaint, but their medicine  
failed to help me. A few months  
ago I was told about Doan's Kidney  
Pills and I procured a box from a local  
drug store. Since using them, I  
have had but little pain in my back  
and have been stronger and better  
able to do my work. If my experi-  
ence will be the means of helping  
other kidney sufferers, I am glad to  
give a public account of it." (State-  
ment given August 31, 1908.)

**RE-ENDORSEMENT**

On October 12, 1910, Mrs. Sund-  
berg was interviewed and she said:  
"I can still recommend Doan's Kid-  
ney Pills in the highest terms. This  
remedy has certainly been of the  
greatest benefit to me and it will al-  
ways have my hearty praise."

**DIED FOR A CAT.**

Artist Rushed Into the Flames to Try to Save Her Pet.

Returning to a burning structure to try to rescue an Angora cat and three kittens, Miss Louise B. Frederick, thirty years old, an artist, lost her life in a fire which destroyed three houses in Los Angeles. The young woman was caught beneath a falling roof and incinerated. Another pet cat was responsible for saving eleven lives.

Mrs. Nellie S. Drane had lighted the heater in the kitchen. She returned to bed and fell asleep. She was awakened some time later by the actions of a pet cat, which had discovered the flames. The cat ran to her room and started to claw the clothing from her bed. This awakened Mrs. Drane, who, smelling smoke, rushed into the kitchen to find the rear of her home ablaze. She gave the alarm, and the other eleven occupants of the house, including Miss Frederick, barely escaped from the burning structure.

Miss Frederick after gaining the street remembered that her pet cat, which was nursing three kittens in a basket in her bed-chamber, had been overlooked. Ignoring the protests of her friends, she dashed back through the smoke and flames. She had no sooner disappeared into the doomed structure than spectators were horrified to see the roof give way and crash to the first floor.

**The Widow's Chance.**

"Why is it that a widow's chance to get married is always so much better than that of a girl who has never tasted matrimonial bliss?"

"A widow's chance isn't any better. She merely knows how to take advantage of it."—Chicago Record-Herald.

**EASILY DECIDED**

This Question Should be Answered by Brainerd People

Which is the wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Mrs. C. Sundberg, 1504 E. Pine St. Brainerd, Minn., says: "Doan's Kidney Pills have earned my grateful endorsement. I suffered for several years from backache and it not only made me uncomfortable while doing my work, but kept me from getting my proper rest at night. I was sometimes distressed by dizzying spells and often my feet and ankles were swollen. The doctors said I had kidney complaint, but their medicine failed to help me. A few months ago I was told about Doan's Kidney Pills and I procured a box from a local drug store. Since using them, I have had but little pain in my back and have been stronger and better able to do my work. If my experience will be the means of helping other kidney sufferers, I am glad to give a public account of it." (Statement given August 31, 1908.)

**RE-ENDORSEMENT**

On October 12, 1910, Mrs. Sundberg was interviewed and she said: "I can still recommend Doan's Kidney Pills in the highest terms. This remedy has certainly been of the greatest benefit to me and it will always have my hearty praise."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and ask no other.
